

BLUE STRIPE® Take-Apart Hot Sticks

Introducing the industry’s first, round telescopic hot stick with removable sections. Our patented design uses interlocking channels that line up with our BLUE STRIPE® feature creating strong joints that come apart with a push of a button.

The BLUE STRIPE® Take-Apart Hot Stick uses our advanced composite construction with epoxy resin and unique non-woven fiberglass to create a smooth, durable surface that resists water absorption. Now available in Bucket Operable sizes.

- **Removable sections offer versatility and easy maintenance**
- **Round sections operate smoothly without binding or sticking**
- **“No pinch” buttons are durable and easy to operate**

These products are patent protected under Patent numbers 6,875,917, 10,245,719 and other patents pending. All BLUE STRIPE® Fiberglass Sticks are manufactured to meet industry standards including OSHA, ASTM and IEC as applicable.

	SIZE	CLOSED LENGTH	WEIGHT	PROTECTIVE BAG
GROUND OPERABLE				
USTS-TA-045	45 ft.	13.7 m	71"	USSB-006
