

BLUE STRIPE® Shotgun Sticks

Utility Solutions offers both internal rod and external rod fixed length shotgun sticks in lengths ranging from 4-12 ft. BLUE STRIPE® Shotgun Sticks are manufactured from the highest electrical grade insulated fiberglass. Features include:

- Proudler button for ease of use with gloves and improved handling overall.
- Replaceable hanger hooks.
- Patented BLUE STRIPE® feature ensures ‘Stripe Up, Hook Down™’ orientation. When the stripe is facing up, the stainless steel hook will open downward minimizing accidental drops.
- Stainless steel operating hook.
- Multiple rod guides ensure smooth operation.
- High performance closed cell foam prevents water absorption (external rod models).
- Rubber Boot, spline end, socket adapter or quick connect options available.

BLUE STRIPE® Shotgun Sticks are available with two distinct operating handle orientations. The variations include the standard configuration (button on the side, hook pivots down) and a Bottom Break Hook (BBH) configuration (button on top, hook pivots down).
