

KLONDIKE CLAMP®

The KLONDIKE CLAMP® is a quick and easy way to keep your rubber blanket secure without worrying about the side effects of tape residue or bungee cords getting in the way of your work.

STANDARD - USCP-001-
6"-11" DIA. KLONDIKE CLAMP®

This KLONDIKE CLAMP® design offers improved ergonomics and an innovative lineman-friendly grip, providing better control when you're working with gloves. The extended handles means the clamp is easier to use, and you get a strong clamping force. The flared opening makes push-on installation easy and fast. It's perfect for one-handed operation!

LARGE - USCP-002-
11"-20" DIA. KLONDIKE CLAMP®

Blankets*

HANDS-FREE - USCP-004-
6"-11" DIA. HANDS-FREE KLONDIKE CLAMP®

The KLONDIKE CLAMP® comes in 3 models:

- **Standard** - Great on cross arms, bushings, and poles up to 11" diameter.
- **Large** - Easily fits larger poles up to 20" diameter.
- **Hands-Free** - This model attaches to a shotgun stick and offer hands-free operation.

The KLONDIKE CLAMP® is made from a high strength weather resistant polymer and assembled with stainless steel hardware. The KLONDIKE CLAMP® is a lineman invention.
